### **VolkerFitzpatrick**

It was a fantastic event which was well organised and ran smoothly. The students were great, you could clearly tell they wanted to take full advantage of the experience, getting the most out of it. All the students I interviewed were well mannered and polite, they represented the school in such a wonderful light. Feedback from my colleagues who also attended was that they really enjoyed it.

### **Cadbury 6th Form College**

Students really saw the value in this opportunity and had clearly worked hard to be prepared for their first interviews.
